

Completing a Homeschool Evaluation: Virtual

You have just chosen the stress-free way to meet Florida's requirements for annual homeschool evaluations. You have already done the hard work throughout the school year, let me help you make this process as easy as possible.

Before your evaluation:

Set up a date and time for your annual evaluation for you and your child to "meet" with me. Please use brevardevaluations.com to view availability and book an appointment on my calendar, or text me directly at [321-266-7417](tel:321-266-7417) for any last-minute or outside hours requests (I will do my best to accommodate but cannot guarantee all requests)

I will need (at least two days before your evaluation for my review):

- Actual student work from each subject representing the beginning, middle, and end of the school year. Sample work or planner needs to be dated. Projects, reports, outside classes, field trips, anything that shows what you did during the year.
- Any tests, grades, or skills mastered from FLVS, Khan Academy, Time4Learning, or other online platform, or homeschool co-op classes. Take photos or download a PDF and send to me using a method listed below.
- Unschoolers - activities still need to be documented with dates and descriptions and/or pictures.
- The School Board also requires a list of books read to or by each student. I do not need to see this, but please be aware of it, if you do not already have one prepared.

Sending Examples (Samples, Grades, Screenshots, Photos, PDF's):

Option 1: You can create a folder in a cloud storage website such as Google Drive or Dropbox and share the link to brevardevaluations@gmail.com

Option 2: Send me photos of any materials using your phone, text me at [321-266-7417](tel:321-266-7417)

During your evaluation, I will ask for:

- Student full name, birthdate (mm/dd/yyyy), grade level completed
- Parent/Guardian full name(s)
- Complete address where student lives (on file with the school board)
- Your email address
- A verbal discussion of curriculum/method used for each student for each subject
- This may include, but not limited to: title of the curriculum/method, strengths and struggling areas
- Discuss your plan for upcoming year (any areas you need help, curriculum suggestions, graduation)
- Any questions/comments regarding anything (evaluations, legalities, curriculums, learning styles, exceptionalities, groups, challenges, Bright futures, Dual Enrollment, etc....), please do not hesitate to ask. *Think of me as a "Homeschool Mentor/Coach" here to serve you & your family!*

At the end of your evaluation:

I will fill out your original evaluation for you to send directly to the school board. I may email other suggestions and websites that we discuss during our session.
